RAIL WORKERS STRIKE IS GROWING ALARMING

Railroad Water Tanks at Newcastle Bombed By Unknown

POSSE STARTS SEARCH UNDER ORDER SHERIFF

Four Men Seen to Approach Tanks and Place Explosives With Great Damage

ROSEVILLE MAN IS WOUNDED

Was Acting as Guard for Pacific Fruit Express When Hit By Two Bullets

NEWCASTLE, Calif., July 11.—A posse under orders from Sheriff Gum of Placer county, is searching for four men who approached here last night in an automobile, placed explosives under the railroad water tanks and blew away a drain pipe of one, emptying 65,000 gallons from the tank. The men escaped under fire from George Ames, the town marshal.

ROSEVILLE, July 11.—William Westlake, a young guard here for the Pacific Fruit Express, lies in a hospital here, the first victim in what is predicted would be an outbreak if outside workers were imported into Roseville to work in the railway shops or icing plant. Seventeen shots from a rifle were fired at Westlake last night, two taking effect but the wounds are not serious. Union leaders disclaimed responsibility, saying the Southern Pacific was trying to embroil the strikers. The bullets were from a 30-30 rifle and company officials said no such rifle was carried by guards.

RAILROAD CANCELS ALL OF ITS TRAINS

LAKE CHARLES, La., July 11.—Two local passenger trains on the Missouri Pacific railroad entering Lake Charles, will be annulled, effective tomorrow, according to orders received by the agent here. Thirteen trains on the entire system are to be discontinued, according to information received here. The coal mine situation, which has resulted in a shortage of fuel, was given as the reason.

ENGLAND INSISTING ON PUREST OF MILK

LONDON, June 23.—(Associated Press by Mail.)—England is about to benefit from what has been done in the United States in the field of producing and distributing pure milk. Ready to learn from the experience of others, the milk committee of the National Farmer's Union sent its chairman, G. W. Langford, to America to investigate. He found out a lot.

What chiefly impressed him was the tremendous extent to which the public generally was interested in the subject of pure milk. It was regarded as a national question. Child welfare organizations, public health and educational authorities made it their business to see to it that everything possible was done to ensure an abundant supply. No influence comparable with it was exercised in England.

SOME DEFICIT.

WASHINGTON, July 11.—The government's net deficit was \$425,000,000 for the current fiscal year, President Harding informed the second annual business meeting of federal executives.

DOVER RESIGNS HIS TREASURY POSITION

WASHINGTON, July 11.—Information was received at the capitol from treasury officials that Elmer Dover, of Tacoma, Wash., assistant secretary of the treasury in charge of customs, and one of the principals in the Blair-Dover controversy, had submitted his resignation, effective July 15.

HOLDUPS MAKE BOLD ROBBERY LOS ANGELES

Take Satchel from Collector Who Reports Loss of Seven Thousand Dollars

LOS ANGELES, July 11.—Three armed men jumped from an automobile today, and holding up W. A. Copeland, collector of a chain of grocery stores, robbed him of a satchel containing \$7,000. The description of the men is said by the police to tally with three men who yesterday robbed another grocery system collector in Hollywood of \$3,000.

BRITISH WILL PAY AMERICA SHORTLY

LONDON, July 11.—The Evening News says arrangements for the repayment of the British loan to America in a lump sum in the near future is in an advanced stage. It declares the repayment is to be made by means of a loan to be raised jointly in England and America.

ATTEMPT MADE WRECK TRAIN ON THE S. P.

Passenger from Oakland to Hazen Crashes Into Two Poles, but No Damage Results

SAN FRANCISCO, July 11.—An attempt to wreck Southern Pacific train No. 124 a local between Oakland and Hazen, by placing three telegraph poles on the track at a point near Hayward, Alameda county, last night, is being investigated by officials of the railroad and Sheriff Barnett of Alameda county. The train smashed through two poles and was brought to a stop when it struck the third. The train crew reported to the company.

WIRELESS TELEPHONE IS USED IN MINING

WASHINGTON, July 11.—A new use for wireless telephone in connection with mine-safety and mine-rescue work, is proposed by the United States bureau of mines. The suggestion has been made that the rescue cars and trains stationed at various points throughout the mining regions, be equipped with apparatus, and that high power apparatus at the bureau's safety stations and experimental laboratories in the regions be installed to broadcast hurry up messages in case of mine disaster.

Aerials have been successfully installed on trains in Germany it is pointed out, and the bureau's rescue and training cars could easily be so equipped. In this way, it is said, not only could warnings and calls for aid be sent without delay to those points best equipped to offer aid, but mine safety programs and other instructions could also be broadcast. Field engineers of the bureau have reported that the radio is already in wide use in the different mining centers.

GIRL AVENGES DEATH FATHER WITH REVOLVER

Mexico City Furnished a Real Sensation for First Time in a Long Period

KILLED MAN MURDERED PATER

After Attending Formalities Incident to Her Arrest She Asks for Release

MEXICO CITY, July 11.—The shooting of Deputy Francisco Tejeda Llorca by which 15-year-old Maria Del Pinor Moreno avenged her father's death, has provided Mexico with a sensation. Popular sympathy rests with the child, who, armed with a small revolver given her last Christmas by her father, editor of El Heraldo de Mexico, set out alone to satisfy a "crime which plenty of Mexican justice was unable to touch," she declared. After mere formalities she will be released and the incident dismissed.

MAGIC CIRCLE IS POPULAR IN LOS ANGELES

Nearly Three Thousand Vehicles Taken Care in Hour, Says An Official Report

LOS ANGELES, July 11.—With twice as many motor vehicles passing in an hour as are handled at 7th and Broadway, the center of Los Angeles' business section, the "magic circle" erected at the suggestion of the Automobile Club of Southern California, at Wilshire Boulevard and Western avenue, is surpassing all expectations claimed by its sponsors, according to local authorities. By actual count there were 2949 vehicles taken care of at the "magic circle" in an hour, while the safety bureau of the auto club says that 1500 are handled at 7th and Broadway during an average hour.

The "magic circle," patterned after Columbus Circle in New York City, consists of a huge circle around which the vehicles must pass. The space around the circle is wide enough for automobiles to run three abreast without crowding. Traffic coming from any direction must turn to the right and follow the circle until the point is reached where they wish to leave. Here they leave as is ordinarily done when a right hand turn is made. This relieves making left hand turns, where many accidents take place, and where much time is consumed when other traffic must wait until the vehicle making the troublesome turn has passed in front of it.

As a preventive of accidents, the "magic circle" has been an unqualified success, according to E. B. Leferts, head of the club's safety department. During the month and a half of the circle's existence, there have been but three accidents there, while at Vermont and Wilshire Boulevard, a corner handling about the same amount of traffic, there were 17 accidents in one month. It is pointed out that the "magic circle" relieves the police force of the necessity of stationing officers at this point, although the circle is in use 24 hours a day.

A "compass" sign, illuminated at night, directs visiting and local motorists parties to nearby points of interest.

AUTOMOBILE BANDIT PROVES HORSE THIEF

PASADENA, July 11.—An automobile bandit who steals horses is being sought by local police. He stole a horse belonging to M. Solis of this city recently, according to officers who investigated the disappearance of the animal, and tracks about the corral indicated he was operating from an automobile.

ATTENDANTS AT CONSTANTINOPE GO ON STRIKE

Something New in Unionism and Finest Palace Unguarded as Result Thereof

CONSTANTINOPE, July 11.—Constantinople hasmen attendants have gone on strike for more money and shorter hours. Many of the capital's finest harems have been left unguarded and the owners are trying desperately to find suitable substitutes for the strikers. Numbers of Russian refugees volunteered, but it was found they were not fitted for the job. The strikers include eunuchs and other attendants.

WOMAN SEEKING U. S. SENATOR IS NOMINATED

Will Oppose LaFollette as a Democrat and Is Making An Active Campaign

OSHKOSH, Wis., July 11.—Mrs. Ben C. Hooper, of Oshkosh, Wis., is the first woman in Wisconsin to receive the endorsement of a political party for nominee as United States senator. At the recent state democratic conference she was unanimously chosen to represent the party at the September primaries. This means that she will oppose either United States Senator Robert M. LaFollette or Dr. W. A. Ganfield, nominees of two different factions of the republican party at the general election.

For the last 15 years, Mrs. Hooper has been an ardent worker for woman suffrage. When women were given the right to vote, she was instrumental in organizing the Wisconsin League of Women Voters of which she has been president since its organization in 1919. She was a member of the national committee on armament reduction of the Wisconsin League of Women Voters and also was a member of the National American Women's Suffrage board.

Mrs. Hooper was born in Winnebago County, Iowa, in 1855, and because of delicate health, never had an opportunity to attend public schools, receiving her education through training of a governess. She has been a resident of Wisconsin for the last 35 years.

Marriage according to Mrs. Hooper, does not destroy a woman's identity, and she is quoted as saying: "The time is coming when woman, in her tenacious ability to get what she is after, will find a way of marrying and having a home and family without giving up her identity and independence."

Mrs. Hooper spends a great deal of her time in assisting her husband in a general merchandise establishment, and always finds time to take a fond interest in the care of her home.

RAILWAY MAIL SERVICE HURT RESULT STRIKE

Superintendent Railway Mail Service at St. Louis Com plains to Washington

THREE THOUSAND MILES IDLE

No Action Will Be Taken Until Inspectors Make Report to Postmaster General

WASHINGTON, July 11.—The superintendent of railway mail service at St. Louis reported in telegram to Postmaster General Work that 3000 miles of railway mail service on the Walcott railway is not being operated, adding the fuel situation is serious because of the apparent impossibility of getting coal moved over for engine lines from mines for use by the road. The post office department will, it was said, recommend drastic action by federal or state forces at any point where interference with mail is reported, until inspectors have confirmed the facts.

MINIMUM WAGE CUT HELD UP BY COURT

SAN FRANCISCO, July 11.—A restraining order, suspending the present minimum wage of \$15 a week for minors and women workers in California, "until the case can be tried on its merits," was issued by Superior Judge Johnson against the state industrial welfare commission on the petition of the California Federation of Labor. The federation said it represented 10,000 California garment workers.

WOMEN ADMITTED TO LEGION IN ENGLAND

LONDON, June 23.—(Associated Press by Mail.)—The British legion has at last decided to admit ex-service women to membership on the same terms as men. Hitherto they have been debarred from becoming full members.

Non-combatant men who served in the Red Cross with the colors for seven days, and native born and naturalized British subjects who served for seven days with Britain's allies, are admitted, provided they are not conscientious objectors. The hope is expressed that women who are eligible will take advantage of the removal of all barriers against them, and join up with the legion in their thousands.

CHEMICAL HEAD IS CITED INTO COURT

WASHINGTON, July 11.—With the books and records of the Chemical Foundation, Inc., against which the government has decided to institute proceedings for the return of patents placed by Francis P. Garvan, alien property custodian in the Wilson administration and now head of the foundation, before the special grand jury recently impaneled to investigate alleged war frauds, Garvan appeared in response to a subpoena.

The Liberty loan drive in Oshkosh and working with the Council of Defense. She is an ardent believer in world peace and believes that her life's work will have been accomplished if she can help bring about an understanding among the nations of the world.

HOOVER CITES COAL SELLERS BEFORE HIM

WASHINGTON, July 11.—Representatives of non-union coal operators will be called together near the end of this week to consider means of dealing with small operators who are selling coal in advance of the maximums recently reached by voluntary agreement, Secretary Hoover said today.

MORATORIUM IS NOW PROBABLE FOR GERMANY

Payment of Cash Reparations for the Rest of Year May Be Postponed Time

PARIS, July 11.—Germany will pay 32,000,000 of the 50,000,000 gold marks due the allies next Saturday, the reparations commission decided. Germany has been relieved of the balance of this payment through deliveries of dyes to the textile alliance and through deliveries of coal to Luxembourg.

PARIS, July 11.—A moratorium on Germany's cash payments for the remainder of the year is thought in circles close to the reparations commission to be quite probable as a result of the conference today between Dr. Fischer, chairman of the German war debts commission, and all members of the commission, in a hurriedly called informal session.

BROTHERHOODS COMBAT ORDER EXTRA LABOR

Will Confer With Several Managers Tomorrow and Take Immediate Action

CLEVELAND, July 11.—The four chief executives of the Big Four transportation brotherhoods will meet several railroad managers in Chicago tomorrow to confer regarding the protests of brotherhood members on all action of railroad managers in asking them to do work usually done by striking shopmen and other matters pertaining to the shopmen's strike.

ORIENTALS AT WAR DOWN IN MEXICO

MEXICO CITY, June 26.—Associated Press by Mail.—Chinese settlers in the state of Sonora have been engaged in a sanguinary warfare for several months and so serious is the situation they have created that a petition has been sent the federal government to order the immediate expulsion of the leaders of the two principal Asiatic factions. The Chinese National League in Sonora has been at odds for several years with the members of Chinese Free Masonry in that state and numerous mysterious murders and other crimes are charged to the activities of these two organizations. State officials believe that a wholesale deportation of agitators will clear the atmosphere.

INTELLIGENCE TEST ADOPTED BY SWEDEN

STOCKHOLM, June 2.—(Associated Press by Mail.)—The Swedish general staff has recommended that the American army intelligence test be tried out in the Swedish army with a view of adopting it, should it prove practical and successful. It is proposed to experiment on three infantry regiments of recruits under the supervision of Prof. G. A. Janderholm, of the University of Gothenburg.

DEVELOPMENTS ENDANGERING CHANCE PEACE

Injunctions by Hundreds Issued Against Peace Out of the Courts

RAILROAD SHOPS STORMED

Illinois and Kansas Guardsmen are Being Pressed Into Immediate Service

CHICAGO, July 11.—Injunctions, troops, deputy marshals and armed guards in increasing numbers marked developments today in the nationwide shopmen's strike. Peace, judged by even the most promising indications, was no nearer than a week ago when the striking shopmen were outlawed by the labor board and all channels to settlement by negotiations closed. Hundreds of injunctions against picketing of shops are being enforced by augmented forces and deputy marshals at various points where the railroads are determined to continue operations with non-union labor.

Leaders of the shop strike expressed themselves well pleased with the success of the strike thus far, as detailed reports on the actual number of men out began to come in. Union headquarters here, reports indicate 50,000 maintenance of way men and shop laborers went on a sympathetic strike with the shopmen according to Chas. J. MacGowan, assistant to S. M. Jewell, head of the shop crafts.

BLOOMINGTON, Ill., July 11.—Crowds of strikers and sympathizers began crowding around the railroad shops here at 10 o'clock. Orders were issued to set up machine guns covering every entrance. Troops are on guard.

TOPEKA, Kas., July 11.—Two hundred national guardsmen arrived at Harrison today to guard the Rock Island shops and water main leading from the city pumping station to the shops the governor's office announced.

DANVILLE, Ill., July 11.—Fifty-four trains have been taken off the Wabash railway, it was announced here. Officials said the curtailment was due to lack of coal coming from Kentucky, and not the shopmen's strike.

NEW YORK, July 11.—J. J. Mantell, regional director of the Erie railroad said the Erie is sending 2000 box cars to outside contractors for repairs and he had received attractive bids from Canada for location of repair shops there. Low costs and unemployment are cited as inducements.
